DESIGNS POST—Ernest C. Blow, Albany resident for 30 years and a member of the City Planning Commission for more than 20 years, today has resigned his city post in favor of his ranch near Columbia in the foothills of the High Sierras. Blow, who also served a term on the City Council, has an unofficial record of devoting more free time to our government than any other.

During past years he was a proponent and assisted in the passing of many of the laws now in the books of the city. He was a member of Standard Oil Co. three years ago. We wish "Ernie" good luck and good luck in his new surroundings at Columbia, and as his resignation is indeed a loss to our city.

Volunteers Needed For Local Red Cross Summer Vacancies

Volunteer workers are needed in several branches of the Berkeley Red Cross according to Mrs. M. E. Gilchrist, chairman of the office of volunteers of the chapter. Summer vacation trips, care of their children home from school have caused considerable absences in the ranks of the "regulars" who give their time throughout the year.

Most vital needed are nurse's aids. Women who have been trained in this work are urged to become re-activated for day or evening duty at the Oakland Veterans' Hospital, states Mrs. F. P. Brendel, chairman of the Nurse's Aide Committee.

The motor service could also use a considerable number of new drivers for both day and evening runs. Anyone between the ages of 18 and 50 with a driver's license can qualify for this duty. For information regarding any type of volunteer work with the Berkeley Red Cross please phone BERK. 7-1430 or call in at the chapter house 2116 Allston Way on Tuesdays between the hours of 10 to 3.

NOW U.S. CITIZENS—Pictured above are members of Mrs. Jessie Williams' class in citizenship at the Albany Adult Education Center who have completed the naturalization process and have been admitted to full U.S. citizenship. Seated left to right, are Helen Dolby and Bozena Cvancarova, and standing, left to right, are Grace Fullerton, Erick Dean and Astri Feist. A total of 18 students completed the requirements and were granted citizenship during the past school year.

Mrs. Zahn Terms Master Plan as 'Waste of Money'

Councilwoman Mrs. Kathie Zahn today has labeled Albany's preliminary master plan as "a monstrosity" and a "waste of money," but at the same time offered no alternate solution for the city's long over-due planning program.

The Councilwoman requested 20 minutes during the Monday night City Council meeting to discuss the plan. Long before her time was up, however, she accepted a suggestion by Mayor Lewis Howell to "keep hands off" the plan until the City Planning Commission holds its two public meetings and then submits its recommendations to the Council.

Mrs. Zahn repeated her allegations that the July 21 and 28 public hearing are "illegal" and the Planning Commission is "trying to cram the plan down the throats of Albany."

Mayor Howell reassured Mrs. Zahn that "nothing will be crammed down the throats of either the Council or the citizens."

Mrs. Zahn also brought up the subject of uniform zoning regulations for home industries. She suggested that something be done immediately, claiming the Council has avoided the issue for three years.

Councilman Jerome Blank and Edward Combs indicated that regulation of home industries would be a part of any master plan accepted by the city.

In other action, the Council approved the appointment of Lawrence Greene as head librarian at the City Library at a salary of \$320 per month.

Councilman William T. Donahue appointed Howard J. Bush of 973 Stannage Ave. to the Planning Commission to replace Ernest C. Blow, who has retired to his ranch near Columbia.

The Council instructed City Attorney Robert Foley to oppose on behalf of the city any increase in Key System fares or reduction in service on the "G" line during the Public Utilities Commission hearing opening Wednesday in Oakland.

The El Cerrito branch of the Mechanics Bank was given permission to connect its burglar alarm system to Albany police alarm facilities.

The bank requested the service because the connection could be made more simply and economically through the Albany police station than through the El Cerrito station, it was pointed out.

Last Rites Held For C. B. Bellamy

Private funeral services were held Monday for Copley B. Bellamy, retired Albany painting contractor, who died Sunday in a Berkeley hospital. He was 77.

A native of Warwick, England, he came to the United States approximately 40 years ago. He resided in Berkeley for many years before moving to Albany in 1943. Mr. Bellamy was a member of Painters and Decorators Union Local No. 127.

Surviving are three daughters, Mrs. Mary Young and Mrs. Lenor Watkins, both of El Cerrito, and Mrs. Annie Hernandez of Berkeley; three sons, Clarence E. of Albany, Fred O. of Oakland and Henry Bellamy of Walnut Creek, and a brother, Joseph Bellamy of Berkeley. He also leaves 29 grandchildren.

Services were conducted from the Freeman and Cox-Roach and Leonard Chapel in Berkeley, followed by interment at Berkeley Crematory.

Adult School Offers Practical English

A new class, practical and remedial English, offered as part of the Albany Adult Education program, is designed as a clinic to meet the individual English needs of those enrolled, according to Mrs. Frances C. Lozier, instructor.

The course, given each Tuesday evening, 7:30 to 9:30, at the Albany High School Building, 603 Key Blvd., includes instruction in the fundamentals of grammar, punctuation, spelling, speaking and writing. "More effective speech, the spelling and use of new and different words, an analysis of practical sentence structure and punctuation, to take this course valuable nation all combine," says Mrs. Lozier for all those enrolled.

New students may enroll in this English course at any time during the remaining six weeks of the summer session, it was stated by Robert G. Dennis, principal.

City Planning Commission Seeks Pro-Con View Points

The Planning and Zoning Commission today has issued a call to all residents to attend a public hearing on the preliminary general plan for Albany in the Council Chambers at the City Hall, Wednesday, at 8 p.m.

Lawrence Livingston Jr., Albany's planning consultant and members of the Commission will be present to explain the proposed long-range plan to answer questions concerning it. The meeting follows closely the "town meeting" held recently to acquaint the citizens with the proposed plan.

Chairman George Hoyt said that another such hearing will be held on Wednesday, July 28, at the same place and hour. However, these will be only the first of several hearings on the preliminary plan in order to give all interested parties a chance to express their opinions, pro and con.

The Planning Commission has urged all citizens to attend at least one of these many hearings so that the members may get all viewpoints before making their recommendation to the City Council at a later date. When the Council receives the recommendation of the Commission, then it must hold at least one public hearing before acting upon the plan.

Livingston has repeatedly pointed out that this is a flexible, long range plan that can be changed as needs require. He also emphasizes that this attempt to cover the future of Albany for the next 20 to 25 years and provides for orderly growth and development. He also joins the Commission in urging all interested citizens to avail themselves of the opportunity to be heard at the hearings.

Red Cross Issues Urgent Call for Sick Room Equipment

Sick room equipment is urgently needed to re-stock the emergency closet of Berkeley Red Cross Chapter, according to Mrs. Mary Shannahan, supervisor of the project. All equipment owned by the chapter is out on loan, Mrs. Shannahan says, and further requests will have to go unfilled.

Donations from the community will be gratefully received from the community to build up the supply of articles which can be loaned to families who are unable to purchase necessary equipment for home nursing of invalids and the aged.

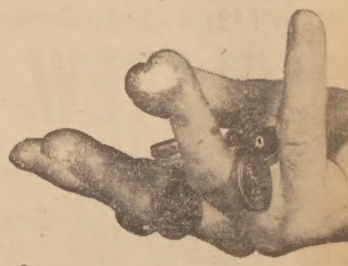

Donors may call Berkeley Red Cross, BE. 7-1430, to arrange for transportation of the equipment if desired.

SCIENCE and your Health KILLING PAIN

By Science Features

A science in its own right, anesthesia has kept up with other medical advances and enables surgeons to perform operations that once were considered impossible. An anesthetic is a substance that makes surgery painless. It must be given properly as incorrect administration can lead to serious complications. Therefore many doctors, called anesthetists, specialize in the study and administration of these pain-killers.

Anesthesia is almost completely an American contribution to medical science. Prior to its application to surgery about a hundred years ago, wine, whiskey and opium were the common but inadequate means of preventing pain. Now, there are many types of anesthetics: general, spinal, regional block and local. The general ones, such as ether, laughing gas and chloroform are administered in a gaseous form and are breathed in by the patient. They usually result in absence of pain and complete unconsciousness.

Local anesthetics such as procaine are injected into one part of the body, and although the patient remains conscious, that area becomes so numb that the doctor or dentist can work without producing pain. There are also substances that can be injected into the lower spine or into other nerve roots that cause lack of sensation in certain related regions of the body.

Card of Thanks

May I take this means to express my sincere thanks and appreciation to the many friends and neighbors for their assistance, kind expressions of sympathy and beautiful floral tributes extended during my recent bereavement.

Yours sincerely,
Mrs. Rosa. Beck,
932 Solano Ave.

WHY DO YOU PREFER BLUE BONNET?

Lovely Mrs. Brian Aherne, wife of the prominent actor, is a popular hostess in the movie colony of Santa Monica, Calif.

"Although I'm a great booster of smooth-spreading BLUE BONNET's sunny-sweet flavor, it's the nutrition that counts. Just think—BLUE BONNET gives you more year-round vitamins A and D than the 'high priced spread'! It's BLUE BONNET for Flavor, Nutrition and Economy."

Bertino-Sturgeon Vows Recited In Grace Lutheran Church Rites

Grace Lutheran Church in El Cerrito was the scene of the recent wedding of Mr. and Mrs. Edgar C. Sturgeon Jr. (Gail Darlyn Bertino), with the Rev O. R. Janke officiating at the candlelight ceremony.

The bride, daughter of the Anthony D. Bertinos of Albany, wore a gown of French chintilly lace under lined with nylon and taffeta. The tight fitting waistline accentuated the full ballerina skirt with flounces of matching scalloped lace. She wore a bolero jacket with matching finger tip net and scalloped lace veil. Her bridal bouquet consisted of a cluster of white orchids on a background of satin bow with streamers of stephonotis on white satin ribbons.

The new Mrs. Sturgeon, a graduate of Albany High School with the class of 1949, was attended by her sister, Lila Bertino, as honor maid. Bridesmaids included another sister, Bonnie Bertino, and Mrs. Merlyn Wohlers and Miss Vernice Johnson, sister and niece of the bridegroom, respectively.

JACKIE Issues Appeal for Homes

JACKIE (Joint Agency Committee for Kiddies—an International Effort) is appealing for more foster homes in Alameda County to provide care for the ever increasing number of homeless children.

At the present time homes are needed for dark skinned children—Portuguese, Mexican, Puerto Rican and Negro babies of all ages need suitable homes.

A most desperate need exists for a home for a little Puerto Rican girl of 8. Her mother is ill and the father's whereabouts unknown. She has been waiting for a suitable Catholic home for over three months.

Two other Puerto Rican children, a boy of 11 and a girl of 9 need foster parents who will give them a great deal of love, attention and understanding.

Three little white children, brothers, 3 and 1½ and a sister of 4, need a home together. They are healthy, happy children and have no religious preference.

Two white Protestant boys of 11 need understanding foster parents and a large home is sought to accommodate a family of five Japanese-Portuguese children ranging in age from 4 months to 7 years.

Foster parents receive monthly pay for the care they provide and in addition clothing and medical care for the children.

New Plastic Kitchen Cabinets Are Colorful and Mar-proof

A new line of kitchen cabinets, combining the utmost in colorful beauty and complete practicality was recently introduced at the "1954 Building Your Home Show" in New York.

Completely surfaced inside, as well as outside with melamine laminated plastics, these cabinets are available in a variety of colors and patterns. The wide range of high-style pastels, authentic wood grain reproductions, and novelty figures give any housewife generous material for imaginative planning, for the color line has been carefully planned to allow for soft harmony or bright contrast. Carefree as well as colorful, these melamine surfaced cabinets minimize everyday kitchen chores. Cleaning is reduced to an occasional wipe of a damp cloth. Because the attractive colors are built-in, painting or refinishing is never necessary. They will last gleamingly new over years of service for the rugged durability of melamine plastic is present on all surfaces.

Kitchen planners may specify a custom arrangement from a complete line designed to fit any floor plan. A wide range of sizes in upper and base cabinets, sink bases, and corner "Lazy-Susans" with revolving shelves are available. The entire line features adjustable shelves, flush type doors, doors suspended on nylon bearings, and semi-concealed hinges.

Exam Dates Set

The East Bay Municipal Utility District announces four civil service examinations, for which applications may be filed during the month of July. The classifications are heavy truck driver (\$330 per month), light truck driver (\$294), pipeman (\$294), and treatment plant operator (\$330).

The examination for truck drivers will be held July 31; for pipeman, August 7; for treatment plant operator, August 12. The final dates for filing applications are July 19, July 26 and August 2, respectively.

Men interested in taking these examinations are invited to file applications with the EBMUD Personnel Office, 512 - 16th St., Oakland.
